ISA Standing Committees

Education and Professional Standards Committee

The President makes appointments annually with approval of the Board for a term of two years, with a maximum of three terms, as vacancies occur. The Committee develops strategies to standardize and enhance the quality of entry-level interactive surgical technology education for the ISA student members, CE delivery and availability for ISA assembly, and increase partnership with CAAHEP approved, Indiana Surgical Technology programs.

ensures the relevance of the Core Curriculum, reviews production of educational products, develops Standards of Practice and communicates with educators.

Active Duty and Retired Military Members Committee

The President makes appointments annually with approval of the Board for a term of two years, with a maximum of three terms, as vacancies occur. The Committee is responsible for preparing, reviewing, recommending resources, and recognition for the Indiana State Assembly active duty, reserve, and retired military personnel.

Philanthropic Efforts Committee

The President makes appointments annually with approval of the Board for a term of two years, with a maximum of three terms, as vacancies occur. The Committee is responsible for preparing and recommending collaborative efforts in fostering growth to our local non for profit organizations.

COMING SOON (Fall 2024)

Legislative

The President makes appointments annually with approval of the Board for a term of two years, with a maximum of three terms, as vacancies occur. The Committee is responsible for preparing, reviewing, and recommending amendments to the ISA Bill, and any landscapes of legislation and regulation regarding the field of surgical technology. The Committee will assist the board in strategies to enhance initiatives for legislation, educating lawmakers and stakeholders about best practices in our field, as well as work alongside the AST government affairs as needed.
